

PLASTICS ARE FOREVER.

10 things YOU can do

1. Reduce use of one-time, single use products.
2. Conduct your own personal trash audit.
3. Become aware and stay informed about our plastic world and environmental toxins.
4. Creatively reuse and repurpose your plastic products.
5. Refuse to use plastic shopping bags.
6. Don't buy bottled water.
7. Pick a place and clean up the trash there every day.
8. Think: Reduce, Reuse, Recycle, Refuse, Repurpose, Revalue
9. Support legislation that increases producer responsibility and decreases plastic use (plastic bag ban, deposit/refund system for plastic bottles)
10. LIVE MORE SIMPLY and SPREAD THE WORD.
